

Master of Science in Finance

succeed

Build expertise to develop your
career in corporate finance.

Gain a Competitive Advantage

According to GMAC's 2015 Corporate Recruiters Survey Report, 90% of companies are planning to increase and/or maintain the hiring of graduates with a master's degree in finance. As one of the only advanced finance degrees offered by a top-ranked business school, the W. P. Carey Master of Science in Finance (MS-FIN) delivers not only the financial qualifications increasingly sought by top employers, but a competitive advantage in your industry of choice — in just nine months.

The MS-FIN was created with input from distinguished members of the business community, many of whom remain involved with the program through the department's Finance Advisory Board. Continued industry involvement ensures that the MS-FIN is on the cutting edge, giving you the tools and connections you need to succeed, and generating recruiting interest from top firms worldwide.

W. P. Carey Experience

The W. P. Carey School of Business offers a unique environment focused on your outcomes, with an emphasis on small class sizes and personal attention combined with all the resources of the university ranked #1 Most Innovative School by *U.S. News & World Report*.

The lock-step MS-FIN curriculum empowers you to build upon critical concepts from day one through graduation, until you become an expert in corporate finance, asset and portfolio management, statistics and modeling tools, and more. Throw in lifelong access to signature W. P. Carey services — including a Graduate Career Center (GCC) with staff-to-student ratios among the best in the nation — and you'll have everything you need to thrive in both the classroom and the boardroom.

MS-FIN Fast Facts

With our location just minutes from downtown Phoenix, interaction with key members of the business community, and a curriculum tailored to your career outcomes, the W. P. Carey MS-FIN will give you a competitive edge in the workplace.

- 9-month program balancing corporate finance with asset and portfolio management
- Start in August
- On-campus orientation at the beginning of the program
- Classes meet Monday through Friday on ASU's Tempe campus
- Small class sizes provide opportunities for peer interaction and team-based learning
- World-class faculty share decades of real-world experience
- Strong business community partnerships provide internship, job, and learning opportunities
- Preparation for a range of career opportunities in banking and finance
- Delivers all the tools necessary to manage complex financial institutions

In today's marketplace you must exhibit strong technical skills, global awareness, and leadership potential to get ahead. The W. P. Carey MS-FIN is an investment with lifelong dividends, that'll start paying off on day one in the program.
