Message from Vice Chancellor

Dear Recruiter,

I am delighted to welcome you to Xuberance’20, the annual placement process for the students of Xavier Institute of Management (XIMB), Xavier University Bhubaneswar (XUB). The university is known for its academic rigor and strong foundations, we stand for education in “The Spirit of Magis”. With 32 years of experience, we continue to inspire future generations to work for the greater good.

This institution instills knowledge, confidence and helps in building a long-term vision in every student. The students are guided by the core values of integrity, honesty, transparency, and accountability. In a highly accelerated and change driven business environment, we have some of the most competent, adaptable and committed professionals. They lead the path with values and ethics and follow the vision of enabling people to live extraordinary lives. We nurture the deep-seated rationale of every student in this institute to bring out the best in them.

Students at Xavier University produce excellent academic results and are also adept in handling corporate scenarios with efficiency. This year, we have a diverse batch profile and thus one of the best pools of talent from across the country. Along with a spirit of passion, sincerity and the support of some of the best faculty of the country and infrastructure, the students would like to break new grounds in the industry.

I extend a heartfelt welcome to you and hope that you would bring the best of opportunities to our students by participating in Xuberance 2020.

Dr. Fr. Antony R Uvari, S.J.
Vice Chancellor
Xavier University Bhubaneswar

Message from Dean (Academics)

Xavier Institute of Management Bhubaneswar (XIMB)

I on behalf of the faculty body heartily invite you to participate in the XUBERANCE 2020. We are sure that you will find the right talent to take your organization to the next level. The success of our alumni in the business world is the testimony of our passing out students. At XIMB, you will find a healthy mix of passion, diligence, and commitment to excellence among our students. A group of highly committed faculty members has trained and shaped them in the XIMB’s state-of-art infrastructure and facilities. Now, they are ready to shoulder with your organization and take up any challenge that you may wish to assign. Our faculty members have made sure that, at any challenge, these students will not only contribute in terms of financial numbers for your organization but also work towards the increasing trustworthiness of your organization in the eyes of society at large.

We have been continuously improving our student and faculty quality by improving selection processes, curriculum, and pedagogy. Moreover, we keep collaborating with industries to expose our students about the recent developments in the business world and engage them with a multitude of stakeholders from industry.

I am sure that, once you interact with our students, you will find them grounded and aspiring to make a difference to the world!

Once again, I invite you to participate in XUBERANCE 2020, and I am personally looking forward to welcoming at XIMB.

Prof. Shridhar Dash
Dean (Academics)
Xavier Institute of Management

"Well, for one thing, the culture we have does not make people feel good about themselves. We’re teaching the wrong things. And you have to be strong enough to say if the culture doesn’t work, don’t buy it. Create your own. Most people can’t do it.

– Mitch Albom, Tuesdays with Morrie"

"Never think that lack of variability is stability. Don’t confuse lack of volatility with stability, ever.

– Nassim Nicholas Taleb"
Message from Registrar

It is with utmost pleasure and regard, that I invite you to Xavier Institute of Management (XIMB), Xavier University, Bhubaneswar for Xuberance'20, the annual placement process. Ever since its inception in 1987, XIMB has continuously focused on inspiring the future generations with compassion, integrity, and excellence. Our aim has always been to contribute to the world, students possessing not only adequate knowledge, and skill but also commitment and vision for the betterment of society. This objective motivates the institute, its faculty, staff, students and all other stakeholders to outshine year after year.

Our faculty with diverse profiles, knowledge and experiences shower the students with unparalleled experience, education and outlook of the business world ahead of them. Their hard work and dedication receive cognizance every time company recruiters express their delight towards the quality of our students.

We are an institute standing strong and growing in stature through the past three decades. We equip our students with excellent managerial skills, discipline, ethics and prudence. The batch of students are uniquely talented yet homogenous when it comes to intelligence and proficiency. They are prepared and set to embark on their journey of leadership.

I earnestly invite your esteemed organization to XUBERANCE 2020 and witness the high quality and unmatched talent we have on offer to the world of business.

Fr. E.A Augustine, S.J.  
Registrar  
Xavier University Bhubaneswar

Message from the Associate Dean-CAS

Greetings from XIM Bhubaneswar!

It is my proud privilege as Associate Dean (CAS) to invite you to our campus for Xuberance 2020, the annual hiring process by industry, every year. Over 360 management graduates are ready for you to choose from and you can have your pick of them as per your requirements. These graduates are now industry ready having honed their skills over the last two years on various subjects that are likely to be required by them to be able to do justice to the roles and assignments, they are likely to be handed.

Our faculty have left no stone unturned to ensure each of our students to be equipped with all the knowledge and skills that are likely to be required by them in your respective companies.

Being a Jesuit organization, we have also impressed upon them the values and ideals that are essential for them to be competent professionals and discharge their duties with diligence, sincerity, compassion and integrity. I have no doubt that you would find them ready to take on any challenges and be at the forefront of action, when the need arises and in time, prove to everybody, that they are an asset to the organization they belong to.

We are now eagerly looking forward to welcoming you to our campus at Bhubaneswar. Till then, au revoir.

Dr. M. N. Tripathi  
Associate Dean  
Career Advisory Services Committee
In 1987, we started as Xavier Institute of Management, Bhubaneswar (XIMB) and now we have grown up to become Xavier University. “Xavier University” is dedicated to research & teaching that meets the highest standards of excellence; to conduct research that breaks new ground; and to provide services and solutions that help individuals and the local, national, and global communities.

Xavier University is a private university located in the city of temples, Bhubaneswar, India. The university has been established in accordance with the Xavier University Act 2013. The university is a self-financing institution of higher learning for imparting professional and technical education. Over the years, XIMB has been widely recognised for its excellence in imparting management education. It is counted among the leading management institutions in the country. It offers an enriching array of programmes. Out of the wide array of programmes, XUB offers the following flagship courses as part of its curriculum.

MBA - BM
Masters in Business Administration

For the last 30 years, XIMB holds integrity, honesty and respect for individuals to be of paramount importance and it continues to develop competent and committed leaders through dissemination of quality management education. In the wake of evolving world, as XUB endeavoured to broaden its global outlook and has greatly enhanced its presence in the international arena through initiatives such as hosting international business conferences and student exchange programmes. XIMB has been awarded the South Asian Quality Assurance System (SAQS) Accreditation by the Association of Management Development Institutions in South Asia (AMDISA).
External Strategic Academic Advisory Board- Xavier Institute of Management Bhubaneswar (XIMB)

Objective
The two-year programme is designed to prepare competent men and women for careers in management in the corporate sector and in public systems. The courses impart a generalist perspective, which enable students to view the entirety of an organisation as well as its place in a larger environment. The students are also trained in technical and functional business skills such as accounting, finance, marketing, systems and operations; and are helped to develop their analytical and integrative skills so that they can define problems with clarity and formulate alternative solutions for implementation. Besides professional expertise, the programme looks to train students for collaboration and teamwork through the development of human relation skills, and of attitudes which elicit a commitment to excellence along with awareness of their social and ethical responsibility.

Faculty
XIMB boasts of a blend of academicians, researchers, professionals, administrators, consultants and managers which bestow the students with high quality training during the course of the programme. The permanent faculty comprises of experienced connoisseurs from the various streams of management, with many of them having industrial and corporate experience. Also there is a healthy pool of visiting faculty and professionals from other major B schools of India and the corporate, which further amplifies the quality of education.

Programme
The Business Management programme is the flagship programme of Xaviers Institute of Management, Bhubaneshwar ever since its commencement in 1987. The curriculum lays the foundation for a conceptual and analytical understanding of Indian and international business. XIMB’s BM programme is designed to closely integrate current management theory and practice. The course has an evolving programme content and is constantly updated to be in tune with the emerging trends and practises.

Programme Design
The Programme consists of core course credits and elective course-credits totalling 105 credits. A course can be of 1.5, 2, 3 or 4 credits. One credit is equivalent to 10 contact hours. In the first year, the students are exposed to the core courses only. These are certain basic and functional area courses. The objective is to expose the students to the social and economic environment within which businesses operate in India. The areas covered include Accounting, Finance, Economics, General and Strategic Management, Information Systems, Marketing, Organisational behaviour and Human resource management and Decision Sciences areas.

Degree
Xavier University awards the MBA degree to the students who successfully complete the course work equivalent to 105 credits, fulfill the prescribed academic standards, and do the summers project as per the prescribed requirements.
The XIMB Campus

The Institute is located on 20 acres of verdant campus on the Nandan Kanan Road in the neighborhood of NALCO, Fortune Towers, Tech Mahindra and other renowned business houses and institutions. The entire Wi-Fi enabled campus houses the faculty residences, office complex, library and computer center complex, class room complex, auditorium complex, residences for gents, ladies, and executive programme participants, CENDERET office complex, Management Development Centre (MDC) and Studio Apartments. In addition, the Institute has a floodlit basketball court, two floodlit tennis courts, indoor badminton court, gymnasium, and playgrounds for cricket and soccer.

Xavier City Campus

The University campus is located on 35 acres surrounded by natural beauty and a digitalized campus with Wi-Fi and with state-of-the-art facilities. This campus is at Kurki-Najigarh under Pipil Tahsil, situated at a distance of 20 km from our existing campus (12 km from the Bhubaneswar Biju Patnaik International Airport). It was inaugurated on 7th July 2014 by Shri. Naveen Patnaik the honorable Chief Minister of Odisha. The first year students of MBA-RM, MBA-HRM and two sections of MBA-BM stay there and attend the classes. This campus has all the facilities that are available in the XIMB campus.

Management Development Centre

The Institute has set up a Management Development Centre (MDC) on campus with all modern facilities. It has 3 suites, and 34 twin-sharing, air-conditioned rooms with round the clock internet connection. The MDC has four training halls with the latest training aids. In addition to all these, the Institute has built a hi-tech air-conditioned auditorium which can seat 850 people.

Class Room Complex

The Class Room Complex includes air-conditioned lecture halls, seminar rooms, syndicate rooms, multi-media hall, computer labs and an executive class rooms. The class rooms are equipped with educational audio/video equipments; tablet PCs, computers with large monitors, LCD projectors and network connections. While most classes are held in the lecture halls, some prefer the lawn adjacent to the classroom complex for education with the soulful touch of nature.

Sports and fitness facilities

XIMB prepares students for the corporate wars by providing the best sports facilities. The fitness enthusiasts can experience body-mind balance by working out in the well-equipped gymnasium and jogging tracks. Basketball, Badminton, Cricket, Football, Tennis, Table Tennis and Volleyball are the popular campus sports. The students participated in the sports meet called ‘Vahalla’ at XLRI, Jamshedpur in the last academic year and were the runners-up of the whole sports event. Periodical sports events are organized by the sports committee to add relaxation for the physique as well as to revitalize from intellectual fatigue. Besides sports events, the Student Executive Council (SEC) takes initiatives in arranging cultural events and intellectual programs.

Residential facilities

With academic activities round-the-clock, students are required to live on the campus. There are separate Residences for gents and ladies. All the rooms have 24-hour Internet connectivity through the latest Wi-Fi technology. With the installation of laser printer and photocopying machines, round-the-clock printing and copying facilities are available to the students. The Residences also has a Multi-purpose Hall, Cooperative Store and a Book Club. All the Residences are equipped with washing machines, water coolers, geysers, telephones, televisions, and indoor games like carrom and table tennis. We also have facilities for undisturbed power supply to all the Residences during power failure. The Mess is managed by a students committee and serves both vegetarian and non-vegetarian meals. The X-cafe provides a variety of fast food to the students who work till late in the night. The Executive Hostel has 48 air-conditioned and self contained single rooms and a mess managed and run by the Institute. The Studio Apartments have 12 selfcontained, air-conditioned flats, 5 Faculty Quarters, 72 self-contained, non-air-conditioned, twin-sharing rooms, and 24 self-contained, furnished, double sharing rooms for Management Training Programs. A doctor is available for consultation in the campus from 6.00 p.m. to 7.00 p.m. every day except on Sundays. A dispensary is set up in the University Campus where the doctor is available from 5.00 p.m. to 7.00 p.m. every day except on Sundays. An ambulance is available for 24x7 for the emergency. A full time nurse will be assigned to help the residents for consulting any health concerns. All the residences have security guards to safeguard and to stop any outsiders entering into the residences.

Recruitment Guide 2020
X-FIN

Finance is to any business what blood is to any living being. Recognising the vast scope of the discipline, XIMB offers courses on a wide array of topics in finance. The courses offered range from core finance topics like Financial Reporting, Financial Statement Analysis, Financial Management, Financial Institutions and Markets and Accounting for Decision Making to myriad specialised elective subjects such as Options, Futures and Swaps, Corporate Restructuring, specialised banking industry electives, International Finance and Financial Modelling.

X-FIN, the finance association of XIMB, strives to ease the journey of the students through the finance subjects by designing assignments, tutorials, knowledge sharing sessions and conducting various events. The flagship event is Finomics – The annual finance conclave, which has been graced by many esteemed personalities in the past. The competitive events include Bizzdom – The business quiz, Budgewiser and Financius – Annual article writing competitions which attract participation from top business schools across India, Tradewars – a national level online stock trading simulation game where many a budding investor takes his/her first step towards professional investing, and Fincaso – one of a kind national level case study competition. Non-competitive events include FLIP National Challenge, Finshiksha Career Advisory Session – where the new batch is introduced to career prospects in finance and Budget Conclave. Various courses and certification programs - specifically ICICI Direct, FLIP and Immersion courses are also provided in collaboration with corporate houses and regulatory authorities (like SEBI) each of which attracted active participation from over 100 students from the batch of 2018-20. In addition, X-FIN also publishes quality content on the finance world in its annual magazine, Finshastra. Thus, the combination of the finance pedagogy and the allied activities at XIMB ensure a perennially conducive environment for the incubation of financial acumen in the students.

General Management & Strategy

CONSTRAT

CONSTRAT, the Consulting and Strategy Consortium of XIMB acts as a facilitator to help students enhance their strategic and consulting rigour by helping them bridge the gap between academia and corporate ski. Over the years, the committee has been successful in bringing some of the most relevant live projects in the fields of consultancy, business development, and product/platform enhancement across varied industries. This year team Constrat brought in live projects in association with MBA skool as well.

Maven, the flagship event of the committee is a national level case study competition that invites the best brains across the country to test their mettle to provide practical solutions to some real-world business problems. With 105 participating teams across the nation, Maven 2018, was a big hit. Participants from IIM Raipur and XIMB made it to the finals where they put in their best efforts to win.

Case czar, one of the most awaited events of Constrat invites students from any b-school across the country to test their ability to take quick decisions. Case czar 2019 saw participation from more than 200 teams across 49 colleges in India. Guesstimate is another event where participants need to ‘Guess’ and ‘Estimate’ the solution without complete information about the problem from various fields. Anukaran- the business simulation game, was a new addition to the basket this year. Other notable events conducted during past years include Stratonomics, Consilium and Conquest. Apart from this, Constrat also organizes leadership talks and workshops by the industry stalwarts every year.

Marketing

MAXIM

Established in 1989 with an aim of “Taking Marketing to the Masses”, MAXIM, the Marketing Association of Xavier Institute of Management, is the oldest functional committee of this institute.

One of our major events conducted last year was MPower, a National level case study competition which gives an opportunity for students to present solutions to real-world business problems for organizations. The team also organized MAXIM Meta, a disguised market research conducted by students that helps the team gather unbiased, real-time choices of customers about products and brands. This helps in solving real-time issues faced by associating companies and provide solutions for them.

Maxinations, an inter-block competition is another flagship event conducted by us, wherein hostel blocks compete in a series of marketing-related competitions like designing a marketing campaign for a failed product, negative marketing, designing a retail store, extempore and quiz competition.

MAXIM constantly engages with both established corporations as well as start-ups to bring out the most relevant Live-projects for our students which helps them become Industry ready. Some of the notable companies with whom our students have been doing projects for the last couple of years are Nirupama, Prime, OZ Designs, My Smart Price, Ruchi Foodlines and Odgi Ray Industries Ltd. In addition to this, we had the privilege of having Mr. Biju Dominic, Founder Final Mile Consulting and Mr. Chandradeep Mitra, Advisor & Mentor, IIM Calcutta Innovation Park who took up Immersion courses on Behaviour Architecture and Sports Marketing respectively. Apart from this, the regular curriculum for a Marketing major includes courses on Service Marketing, Product and Brand Management that focus on how to market a service or a product. To better understand the art of selling a product we have courses on Selling & Negotiation and Sales & Distribution Management. Customer Relationship Management, Consumer Behaviour and Marketing to Consumers at Bottom of the Pyramid help understand the consumers better. And for students who wish to join the retail sector we have a course on Retail Management as well. Marketing is constantly evolving and probably it always will, and here at XIMB, we redefine it every single day.

Recruitment Guide 2020
X-OPS

X-OPS, the Operations Committee of XIMB aims to help students build a greater understanding on the latest trends in the field of operations by conducting numerous competitions, live projects and immersion courses year round. With more than 50% students in the batch being interested in operations, these activities supplement their classroom learning, expose them to the ever-changing digital business ecosystem, and help them establish a symbiotic relationship.

Ashwamedh, X-OPS’ flagship annual national conclave brings together eminent business personalities and facilitates stimulating discussions on varied issues in the backdrop of operations management. This year the topic of discussion was “Sustainable Supply Chain Management: Indian Context.” "Aarohan", a case study competition organized as a part of Xpressions, the management-cultural fest of XIMB, has multiple rounds, the first is an online quiz competition with top 10 teams proceeding to round 2 where the teams have to solve a case within a stipulated time frame. Nirnay, the business simulation game is another exciting event organized by the committee. It has online quiz and excel based simulation rounds.

X-OPS also conducted immersion courses on business simulation, inventory and warehouse management. These courses gave our students industry specific knowledge and an extra edge over the others. This year X-OPS arranged for an Agile Certification offered by Henry Harvin, it helped students to explore, analyse and solve IT management problems using management tools. This was brought in specially keeping in mind the students who are inclined to pursue a career in IT Management - Strategy & Operations. Apart from this, we saw a huge participation, nearly 1/3rd of the batch, in our regular certifications like CMAP and Lean 6-sigma offered by KPMG.

XSYS

XSYS, the Systems Association of XIMB envisions to empower future managers with the knowledge of technological advancements occurring around the globe. With the ever-changing business needs, the need for effective business models with respect to technology has never been more pertinent. Understanding the business scenarios and benefits with proper risk assessment and mitigation are instilled in students through subjects like IT Strategy and Business Process Reengineering.

XSYS held its Annual Business Conclave ENVISION'18 themed on "Leveraging AI for Business Transformation" which saw luminaries from Yes Bank, M&M financial services, Collabera, Safexpress and Avasant. XSYS also established its relationship with Biocon via a leadership talk where the students witnessed Yogesh Lawania- General Manager of Supply Chain, Biocon demonstrating importance of digital communication for improvement in supply chain operations. XSYS prides in its association with Airtel and MI India to sponsor its flagship event Case Connect, a national level case study competition. This provided an excellent opportunity to the students of top B-schools in India to test their analytical ability and design innovative solutions for a real-time problem faced by the companies. Block Chain technology has every industry experimenting whose application shaped a new business simulation event "Resonance".

Numerous live projects were brought in by XSYS to furnish students with business predicaments to solve and learn. For companies like Batoi Innovate, students delivered an integrated platform for the start-up by creating a composite ecosystem for the establishment of a vibrant start-up culture. Experienced leaders such as Praveen Gupta-Strategic Sourcing Consultant of Avasant and Sushant Mishra shared their insights via Immersion courses on topics like Outsourcing and Digital Strategy, Digital transformation trends, supply chain analytics and many more. This event witnessed the participation of over 120 students.

SYNOPSYS, the bi-monthly newsletter of XSYS, brings to the masses the interviews on recent technology discussions with industry stalwarts. XSYS orchestrates and manages the Network infrastructure and end user computing needs of the students. As a relief to the never-ending stress of a B-school, Xigabytes, a gaming event is organised where students turn out in huge numbers for recreation.

Student Activities

The SEC is an elected body consisting of the General and Cultural Secretary, the Treasurer and the Female Representative. It serves as a link between the administration and the students. As a committee of, for and by the students, SEC works with all the other committees of XIMB to organise all the big and small events that form the very crux of our culture and spirit.

SEC plays a major role in the orientation of the incoming batch to the MBA curriculum, as we know it. They involve the entire senior batch in designing and evaluating a pre-course assignment which consists of a series of case studies and presentations conducted over a period of their first week on campus. Besides providing them an overview of how the life of an MBA student looks like, this activity also helps immensely in junior and senior bonding.

As a link between the students and the administration, one of the most important functions of SEC is to oversee the elections of the Class and Cultural Representatives for the new batch. These elected individuals carry the responsibility of smooth knowledge transfer between the faculty and the students. They also play a very significant role in preserving the XIMB way of life, and ensure there is never a dull day on campus by organising open mics, bonfire nights, and all the Indian festivals one can think of. They make XIMB feel like home.

The other activities that SEC undertakes to ensure the smooth functioning of the institute are appointing the Disciplinary Committee and Resident Secretaries, and redressal of student grievances.

Apart from managing the internal functioning of the institute, SEC also works tirelessly around the year to organise ‘Xpressions’, the biggest management and cultural fest in Eastern India. From appointing the ‘Xpressions Steering Committee’ for the fest, to overseeing the three days magical extravaganza, they do it all.

Its latest edition, Xpressions’18, was a three-day event packed with business simulation games, cultural activities, various fun field games and much more. The fest was attended by over 25,000 people across the three days, covered by 40+ media houses. The business and cultural events held during Xpressions witness participation from B-schools all across the country. Xpressions gives its guests a break from their hectic schedule, in a one-of-a-kind rejuvenating and refreshing experience. This time on the grand event hosted journalist turned comedian Gaurav Kapoor who engaged the crowd in riots of laughter, EDM duo Zephyrstone who set the stage on fire, classical band Moongphali who entertained the crowd with high-energy ear-pleasing performance and on the last night of the event, the audience of over 20,000 people from Bhubaneswar sang and danced to the amazing voice of sensational singer Sunidhi Chauhan, who made the event a grand success.

Alumni Committee

One of the integral attributes that define the glory of XIMB is its illustrious alumni base. XIMB Alumni Committee plays a crucial role in nourishing the strong bond XIMB has with its alumni base spanning 31 years. Frequent interactions with alumni who are stalwarts of varied industries, help in keeping the students abreast with corporate requirements and trending methodologies and fostering and maintaining relationships among the members of the XIMB fraternity.

In fulfilment of the same, Alumni Committee organizes Grand Home Coming (GHC), its flagship event that celebrates 25 years of the bond of XIMBians with their alma mater. This year saw the batch of 1995 as the industry leaders shared their corporate experiences with the current batch and their learnings from the professional world. Later, as they recollected their past, they were regaling students with notorious anecdotes from their time on campus, and we could see how much yet how little has changed in 25 years!

XIMB also welcomed the class of 1998 this year on campus. It was nothing short of a festive experience for the current batch, the faculty and alumni alike. From singing old hindi songs with them on the steps of the oldest hostel on campus to classroom discussions where the students gained some incredible insights on life after college, we witnessed the true XIMB spirit come to life!

The Alumni Committee also plays a significant role in easing out students in their Summer Internship phase as well as final placements through the event, X-ALMA. It provides a platform for one on one interaction with company-specific alumni. This event was pioneered to help students gain perspective of industry nuances and connect with industry leaders that can guide them as they (re)acquaint themselves to the corporate world.

Know Your Alumni (KYA) is another such method to connect and build a strong bond with alumni who are now excelling in their fields. A series of intriguing questions are laid out to encapsulate the essence of their experiences, not only to give insights but also motivate students to set benchmarks and achieve the same as their predecessors did.

With all the ingredients present in every B-School, what makes XIMB truly unique is its people. The humility, the will to break all barriers combined with the Jesuit belief of always giving back to the society, our alumni are our biggest asset. As the Alumni Committee of this prestigious institute, we always strive to keep our alumni and the institute together.
by Shri Adi Godrej, Chairman of the Godrej Group – Godrej events at XIMB, like the Foundation Day that was graced in 2018 were some shining names at TEDxXIMB 2019. The advertising campaign of the Odisha Hockey World Cup decorated army officer, Mr. Sachin Das Burma, who designed the array of seven speakers this year. Lt. Gen. Satish Dua, a Marketing Congress in 2015 happened to be one out of the many personalities from different backgrounds with their own interests against overwhelming odds of life. witnessed some of the best-known intellectuals who have been Reminiscence is another such campaign where alumni disclose how their journey from XIMB to the workplace has been. With the sole purpose of increasing the visibility Quiz - An international-themed quiz, Language Classes with languages being offered like German, French, Spanish and Mandarin.

**Sports Committee**

SportsCom successfully conducted its first tournament of the academic year, X-Sports 18, an inter-sector competition for the junior batch, which was held from 29th June - 1st July, 2018. The tournament provided a platform for interaction among the juniors and helped identify the potential players for the university team. Synergia, a new tournament launched for the first time this year, was conducted from 11th-12th August, 2018. The tournament aimed to promote a healthy competition between the Seniors and Juniors. Colosseum 18, which took place from 21st-23rd September, the annual corporate sports tournament saw participation from various corporate teams including Infosys, Tech Mahindra, OYO Rooms, Capgemini, Jyoti Motors and the Corporate Cricket Club. This helped further the relationship XIMB shares with the corporate houses. Athlos 18, the annual inter college sports tournament of our institute was conducted from 5th Oct to 7th Oct. This tournament saw participation from teams such as XLRX, XIMB-Alumni, IIFT Kolkata, IIM Sambalpur IMI, VSGOM, and KSDM. The chief guests for the inauguration ceremony were Padmashree, Mr. Dilip Tirkey, Former Captain Indian Hockey Team and Mr. Dilip Gurumurthy, Former Olympian, Basketball team. For Xpressions, 2018, SportsCom organized the Fantasy Football League on 16th November, 2018 for the first time this year. The tournament consisted of participants in teams of 3 to participate in a live auction draft and build their dream rosters. The teams which reached the semi-final stage then competed against each other in a FIFA Tournament. The tournament not only aimed to test the contestants’ knowledge of the world of football and its players but also their e-sports skills. In addition to these in-house tournaments, teams from XIMB participated in Valhalla, the cultural and sports fest of XLRI and The Xavier Meet, XUB and won laurels for the B-school. TBX 19 - The Battle of X, conducted from 4th-27th January, 2019 is a sporting tournament based on the playful intersection rivalry that fosters competitive spirit in the players of XIMB. The tournament saw 3 teams fight, one from each section of the batch including players from both, the junior and senior batch battle it out on different sporting turfs.

**CONSTRAT**

CONSTRAT, the Consulting and Strategy Consortium of XIMB acts as a facilitator to help students enhance their strategic and consulting rigor by helping them bridge the gap between academia and corporate ski. Over the years, the committee has been successful in bringing some of the most relevant live projects in the fields of consultancy, business development, and product/platform enhancement across varied industries. This year team CONSTRAT brought in live projects in association with MBAskool as well.
Maven, the flagship event of the committee is a national level case study competition that invites the best brains across the country to test their mettle to provide practical solutions to some real-world business problems. With 105 participants participating across the nation, Maven 2018, was a big hit. Participants from IIM Raipur and XIMB made it to the finals where they put in their best efforts to win.

This event witnessed the participation of over 120 students.

SYNOPSYS, the bi-monthly newsletter of XSYS, brings coverage of various events, conferences and a plethora of articles on topics like networking solutions, case studies, technology trends and much more. This event witnessed the participation of over 120 students.

XSYS
XSYS, the Systems Association of XIMB envisions to empower future managers with the knowledge of technological advancements occurring around the globe. With the ever-changing business needs, the need for effective business models with respect to technology has never been more pertinent. Understanding the business scenarios and benefits with proper risk assessment and mitigation are instilled in students through subjects like IT Strategy and Business Process Reengineering.

XMAX
MAXIM
Established in 1989 with an aim of "Taking Marketing to the Masses", MAXIM, the Marketing Association of Xavier Institute of Management, is the oldest functional committee of this institution.

One of our major events conducted last year was MPower, a National level case study competition which gives an opportunity for students to present solutions to real-world business problems for organizations. The team also organized MAXIM National Recruitment Drive 2019 conducted by students that helps the team gather unbiased, real-time choices of customers about products and brands. This helps in solving real-time issues faced by associating companies and provide solutions for them.

The flagship event is another flag event conducted by us, wherein hostel blocks compete in a series of marketing-related competitions like designing a marketing campaign for a failed product, negative marketing, designing a retail store, extempore and quiz competition.

MAXIM constantly engages with both established corporations as well as start-ups to bring out the most relevant Live-projects for our students which helps them become Industry ready. Some of the notable companies with whom our students have been doing projects for the last couple of years are Nirupama, Prime, O2 Designs, MySmartPrice, Ruchi Foodlines and Odi Ray Industries Ltd. In addition to this, we had the privilege of having Mr Biju Dominic, Founder Final Mile Consulting and Mr Chandradeep Mitra, Advisor & Mentor, IIM Calcutta Innovation Park who took up Immersion courses on Behaviour Architecture and Sports Marketing respectively.

Apart from this, the regular curriculum for a Marketing major includes courses on Service Marketing, Product and Brand Management that focus on how to market a service or a product. To better understand the art of selling a product we have courses on Selling & Negotiation and Sales & Distribution Management. Customer Relationship Management, Consumer Behaviour and Marketing to Consumers at Bottom of the Pyramid help understand the consumers better. And for students who wish to join the retail sector we have a course on Retail Management as well. Marketing is constantly evolving and probably it always will, and here at XIMB, we redefine it every single day.

X-FIN
Finance is to any business what blood is to any living being. Recognising the vast scope of the discipline, XIMB offers courses on a wide array of topics in finance. The courses offered range from core finance topics like Financial Reporting, Financial Statement Analysis, Financial Management, Financial Institutions and Markets and Accounting for Decision Making to myriad specialised elective subjects such as Options, Futures and Swaps, Corporate Restructuring, specialised banking industry electives, International Finance and Financial Modelling.

X-FIN, the finance association of XIMB, strives to ease the journey of the students through the finance subjects by designing assignments, tutorials, knowledge sharing sessions and industry interactions. The flagship event is Finomics – The annual finance conclave, which has been graced by many esteemed personalities in the past. The competitive events include Bizdom – The business quiz, Budgetwiser and Financius – Annual article writing competitions which attract participation from top business schools across India, Tradewars – a national level online stock trading simulation game where many a budding investor takes his/her first step towards professional investing, and Fincaso – a one of a kind national level case study competition.

Competitive events include FLIP National Challenge, Finshiksha Career Advisory Session – where the new batch is introduced to career prospects in finance and Budget Conclave. Various courses and certification programs – specifically ICICI Direct, FLIP and Immersion courses are also provided in collaboration with corporate houses and regulatory authorities (like SEBI) each of which attracted active participation from over 100 students from the batch of 2018-20.

In addition, X-FIN also publishes quality content on the finance world in its annual magazine, Finshastra. Thus, the combination of the finance pedagogy and the allied activities at XIMB ensure a perennially conducive environment for the incubation of financial acumen in the students.

X-OPS
X-OPS, the Operations Committee of XIMB aims to help students build a greater understanding on the latest trends in the field of operations by conducting numerous competitions, live projects and immersion courses year round. With more than 50% students in the batch being interested in operations, these activities supplement their classroom learning, expose them to the ever-changing digital business ecosystem, and help them establish a symbiotic relationship.

Ashwameedh, X-OPS flagship annual national conclave brings together eminent business personalities and facilitates stimulating discussions on varied issues in the backdrop of operations management. This was brought in specially keeping in mind the students who are inclined to pursue a career in IT Management - Strategy & Operations.

Apart from this, we saw a huge participation, nearly 1/3rd of the batch, in our regular certifications like CMPA and Lean 6-sigma offered by KPMG.

XSYS
XSYS, the Systems Association of XIMB envisions to empower future managers with the knowledge of technological advancements occurring around the globe. With the ever-changing business needs, the need for effective business models with respect to technology has never been more pertinent. Understanding the business scenarios and benefits with proper risk assessment and mitigation are instilled in students through subjects like IT Strategy and Business Process Reengineering.
Exemplar – The Competitions Committee of XIMB

Exemplar, the Competitions Committee of XIMB, has been instrumental in providing opportunities and exposure to the students to real-life corporate scenarios through case study competitions across various domains like marketing, finance, operations and consultancy.

XIMBians have made a mark by winning accolades at various national and international competitions like Godrej Loud, Kronothon, ICICI Beat-the-Curve, AIWMI Credit Research Challenge, RBI Policy Challenge, Tata MindRover and Michael Page - The Right Fit to name a few.

The core competency of this committee lies in mentoring, guiding and training the students for corporate competitions. The aim is to create a culture wherein the students apply the knowledge that they have gained in XIMB to solve real-life issues faced by corporates.

Colgate Transcend
To work on building a new and innovative business model
Campus Engagement with XIMB

The Events at XIMB-XUB represent a gamut of diverse activities in which we welcome corporate partnership and engagement. These Student-Industry engagements are welcomed by students and industry alike due to the enhanced access to each other and knowledge shared as a result of these interactions.

Leadership Talk
Leadership Talks are conducted by senior management executives about their experiences and their organizations. These highly anticipated events provide an opportunity for the leaders of tomorrow to meet the leaders of today. Students receive valuable insights into the challenges and intricacies of managing large organizations first hand.

Immersion Courses and Workshops
Immersion courses are taken for different specializations by experts in the respective areas from the industry. The course has six 90 minute sessions. Workshops are similar in nature to the immersion courses, but of a shorter duration, and of a more informal nature. These enable students to learn from industry practitioners and keep themselves updated with the latest industry tools and frameworks.

Panel Discussions
XIMB-XUB welcomes Guest speakers for Panel discussions held by the various interest committees. These events are attended by a diverse audience from nearby institutes – both faculty and students apart from XIMB-XUB-ians. These provide an opportunity to discuss issues with other distinguished speakers on industry themes. These are hosted by the respective interest committees on specified dates.

Other events
XIMB-XUB also represents access to a sizeable chunk of management talent in the eastern region. Apart from XIMB-XUB’s campus events, assistance is provided for facilitating company campus engagement programs.

Business Conclave

Business Conclave is a gathering of great minds of the industry with XIMB students to enhance engagement with the industry and build perspective about burning topics in the management arena. This congregation takes place in August. It includes panel discussions on topics identified by the various interest committees spanning across functional domains –
The session began with Dr. Amar KJR Nayak introducing Mr. Rahul Gupta, giving a fine analogy between a merger or services. He went on to introduce the topic and raised questions regarding the possible reasons behind a merger. He even questioned the challenges post a merger, how it increases net worth for shareholders, its effects on the value of goods and services. Mr. Rahul Gupta gave a fine analogy between a merger and a marriage. He spoke about how the parties involved, need to synergize to form an everlasting bond. He stated that mergers have a 10%-30% success rate; hence the post-merger scene is clear to both parties. Mr. Gupta went on to highlight the main drivers in a merger or acquisition like availability of cash, the safety of the investment, legal reforms that may affect the flow of events, where the prime goal is to increase shareholder’s value. Through innovation and re-inventing, mergers boost the performance of the company. Mr. Rahul later explained the factors leading to M&A failures like systematic factors, internal factors such as cost synergy, revenue, due diligence etc. Clash of culture is one of the biggest factors for the failure of an M&A. He ended by addressing M&A’s complexity that needs to be carefully planned to provide the best possible results. Mr. Dinesh Agrawal started by telling how innovation, improved customer experience can power the M&A to greater heights. For example, Reliance disrupted the telecom industry, with Jio in the telecom sector, L&T acquired Mindtree to strengthen its IT services. Mr. Agrawal elaborated by explaining the process from sourcing the company to further approvals, to signing the intent letter and going through the company’s books followed by merger agreement signature and then the post-merger integration. He elucidated the questions an M&A professional should have, such as understanding of technology, a flexible set of interpersonal skills, quantitative skills, negotiating skills. He ended by how the company acquiring should be able to take control and keep their clients on the highest priority. On this note, the student-speaker interactive session began. The first-year students of the BM, Batch of 2021, fired questions regarding on how the companies should integrate themselves, due to different ways companies operate. The discussion extended to challenges faced and precautions that must be taken. Thereafter, Dr. Nayak summarized the entire experience exchange. It is safe to say that Stratonomics’19 was soaring success and the students walked out wiser and more well-equipped from an industrial as well as an academic standpoint.

**Envision’19**

**The speakers for the conclude were**

1. Mr. Ravinder Pal Singh
   Chief Information
   Officer
   Tata Singapore Airlines, Vistara.

2. Mr. Sunil Nair
   Chief Technology Officer
   Spar India, Landmark Group.

The conclude was moderated by XIMB, Bhubaneswar’s Information Systems Professor Dr. Sanjay Mohapatra. Envision’19 provided a platform for the students to learn what industry stalwarts and leaders of the country think about opportunities and challenges posed by Blockchain Technology. It helped the students in broadening their horizon of knowledge through the use cases the aviation and the retail industry bore pertaining to the technology. Distinguished speakers talked about their journey and the changing the dynamics of the technology. The speakers provided the students with the nuances of the technology and also threw some light on cryptocurrencies like Bitcoin and Ethereum which are direct outcomes of the technology. The sustainability, market opportunities and policy linkages were explicitly discussed by the speakers. They spoke about policy ramifications that the technology holds in the near future.

Envision’19 also granted the occasion with the presence of some of the corporate and media luminaries from different organisations in and around Bhubaneswar. The building managers of XIMB leveraged this opportunity to learn and interact with some of the best minds in the country. The inscriptive students put forth some intelligent questions to the speakers and got insights into the pragmatic world problems and their potential solution.

**Ashwamedh’19**

Ashwamedh, the flagship event of X-Ops is an annual National Level Industry Business School seminar which brings together eminent personalities from a diverse range of backgrounds, including the academia, corporate and government sector with the aim of stimulating discussions on contemporary issues related to operations management and related areas. This conference addresses a broad range of issues including new trends and innovation in the field of operations management, strategic issues from operations perspective and integration with other streams of management, education and research, technology transfer and economic development.

The 2019 version of Ashwamedh got successfully completed on 28th of July 2019 with the theme ‘Driving Global Supply Chain Management through Innovation’. The speakers for the event were Mr. Satpal Singh, Country Head, Supply Chain and Business Transformation at Legrand, Mr. Sunil Bharadwaj, DGM-Strategy and Supply Chain Management (Lifestyle Business Centres) at Raymond and Mr. Nishil Kush, Deputy Director, Supply Chain Program at PATH. The leaders talked about the need for Supply chain to go smart where the organization needs both in intranational innovation and really smart people to think of disruptive innovation. The discussion also covered that while designing a supply chain we need to look into the 3 “Vs”, visibility, velocity and variability, through a mixture of cost-effectiveness and flexibility make up the right innovation. A stimulating Q&A session between the speakers and the audience was held at the end along with the launch of our Annual Magazine ‘Ashwamedh’19 and a panel discussion for the article writing contest held as a part of the conclude.

List of Speakers for Ashwamedh’19

1. Mr. Satpal Singh
   Country Head, Supply Chain and Business Transformation
   Legrand.

2. Mr. Sunil Bharadwaj
   DGM-Strategy and Supply Chain Management (Lifestyle Business-Centers)
   Raymond.

3. Mr. Nishil Kush
   Deputy Director, Supply Chain Program
   PATH.

**Mercatique 2019**

With the endeavor to provide business perspective of the latest happenings of marketing arena, Mercatique 2019, the annual marketing business conclave was organized on 4th August 2019 with the topic ‘Enhancing Customer Engagement through Experiential Marketing’. The event was graced by the presence of eminent industry stalwarts from various fields of marketing. This year, Mercatique witnessed a unique initiative of planting saplings, that is started by MAXIM in the hope that this inspires all to make the world a better place. As the proceedings were initiated, the speakers briefed the students about how brands leverage Experiential Marketing to provide customers a memorable touch with the brand, fostering customer loyalty with various marketing aids and ad campaigns. The conclave served as an open platform for interaction between the best minds from the industry and students. The event was concluded with the launch of MaxEdge, the Annual Magazine.

List of Speakers

1. Mr. Imran Qadri
   Head-Marketing and PR
   Harley-Davidson, India.

2. Ms. Darshan Shah
   Chief Marketing Officer
   Aditya Birla Health Insurance Co. Limited.

3. Mr. Chandras Panigrahi
   Chief Marketing Officer and Consumer Business Head
   Acer.

**Finomics’19**

Finomics is an unique Industry Focused Business School conclave which brings together eminent personalities from a diverse range of backgrounds including academia and corporate, with an aim to stimulate discussion on contemporary issues related to Finance and economics. The theme chosen for FINOMICS’19 was: “Insolvency: The End or A New Beginning” Insolvency cases have had the notorious reputation of being long winded and cumbersome processes. This speedy conclusion was the first major success of the newly enacted insolvency law. A year since the passage of IBC-2016, many landmark judgements have been passed and many long pending cases have been resolved. At this juncture, some poignant existential questions can be raised. What will happen now to the perfectly viable businesses that go into insolvency? Will the new expedited process completely butch them or will they be resurrected under a new and more competent ownership? These questions are all the more relevant now when the Airlines and NBFC sector have constantly been in the news as facing heavy liquidity crunch. Our quest to find possible answers to these questions resulted in the aforementioned theme being chosen for Finomics’19. Our speakers represented different sub disciplines within the financial domain and provided us with their diverse views on the selected theme.

Our esteemed panel of speakers consisted of:

1. Mr. Somjeeet Behera
   Deputy VP
   RBL Bank.

2. Mr. Uday Patil
   Executive Director
   Nomura India Investment Banking, Keynote Corporate Services Ltd.

3. CA Vishal Jain
   Insolvency Professional
   Proprietor of Vishal G Jain & Associates.

4. Mr Debasish Panigrahi
   Executive Director
   Nomura India Investment Banking

The panel discussion was moderated by Prof. D.V. Ramana, Professor of Accounting and Finance, XIMB. Finomics’19 also marked the first time when student representatives were given a chance to participate in the panel discussion on stage with the esteemed panels. The student representatives, Kiran Hota and Sivaji Sahoo, were selected on the basis of their winning entries in Financius’19, an intra college article writing competition. The output of this panel discussion of august dignitaries and budding managers resulted in an enlightening discussion on a topic that is not often discussed in the academic circles but the discussion of which is nevertheless essential in keeping with the current times.
Pre Placement Talks (PPTs)
PPTs provide a platform to facilitate interaction between students and companies, so that both are able to find the best match according to their aspirations and requirements. For effective communication, the latest technical equipment such as audio visual facilities, LCD projector, overhead projector (OHP), TV/VCR and other special equipments can be made available on campus on request. The campus also has video conferencing facility. The dates for the PPTs can be obtained from the Placement Office. We value any company taking some time out to getting to know our students better, and giving an opportunity for our students to do the same.

Curriculum Vitae
The Institute follows a standard format for all the students applying to various companies. A company can request the CVs in the Institute's format or any other specific format, in hard or softcopies as desired.

Lateral and Fresher Recruitment
The institute does not have separate lateral and fresher recruitment processes. Hence, both the processes commence simultaneously and run during the placement week of the institute. The students rank the companies based on their prior knowledge and the information gained through company’s PPTs. Based on the rankings, the job description and the compensation being offered the participating companies are allocated the time slots during which they can initiate the recruitment process.

Pre Placement Offers (PPOs)
A pre-placement offer or PPO post the summer internship, is a much cherished job offer before final placements. An exposure of 8 weeks gives both the organization and the student an opportunity to gauge each other’s compatibility. The firms can communicate to the Institute their decision to offer the PPOs before the Placement Week commences. In the event that the company does not have any internal rules governing this process, the students’ decision however, will be communicated to the company either after the Placement Week is over or at its assigned time slot during the Placement Week.

Job Offers
A Job Offer is considered to be valid only if the Placement Office is in receipt of the written communication of the same. Any form of verbal or telephonic communication will not be considered as job offers. The final offers for the respective candidate will be announced only at the designated day/time slots. Delay or failing to do so may result in the candidate being placed in any other company. Appointment letters for the selected candidate should be sent (in duplicate) to the Placement Office within 20 days of the job offer made on the campus. Candidate acknowledges the job offer by the acceptance signature, which shall be informed to the concerned company immediately.

24+ months
### Shraddha Shukla
**Degree:** Bachelor of Technology Electronics and Communication  
**Institution:** Krishna Institute of Engineering and Technology  
**Work Experience:** 30 months  
**Internships:**  
- Summers Intern.: Shiksha.com (InfoEdge India Ltd)  
  Understanding student psychology, analyzing the counseling practices and developing & monitoring the online Content
- Summers Intern.: ManMine HR Consultancy

### Swaha Panigrahi
**Degree:** Bachelor of Technology Electronics and Telecommunication  
**Institution:** International Institute of Information Technology  
**Work Experience:** 30 months  
**Internships:**  
- Summers Intern.: Infosys Limited, Senior Systems Engineer  
  Streamlining the processes and reporting

### Akanksha Sreen
**Degree:** Bachelor of Engineering Civil  
**Institution:** Punjab Engineering College  
**Work Experience:** 29 months  
**Internships:**  
- Summers Intern.: Atambergh Technologies Pvt. Ltd.  
  Driving sales team productivity and channel initiatives for sales growth

### Subhranjit Rout
**Degree:** Bachelor of Technology Electronics  
**Institution:** Kalinga Institute of Industrial Technology  
**Work Experience:** 29 months  
**Internships:**  
- Summers Intern.: DailyNinja  
  Winning the Customer - Customer Retention

### Swayamsiddha Mohapatra
**Degree:** Bachelor of Technology Electronics and Electrical  
**Institution:** Kalinga Institute of Industrial Technology  
**Work Experience:** 29 months  
**Internships:**  
- Summers Intern.: Infosys Limited, Senior Systems Engineer  
  Streamlining the processes and reporting

### Tathagata Ray
**Degree:** Bachelor of Technology Electrical  
**Institution:** St. Thomas' College Of Engineering and Technology West Bengal University of Technology  
**Work Experience:** 28 months  
**Internships:**  
- Summers Intern.: ManMine HR Consultancy  
  Building Client Outreach and Interest through Professional Networking for Recruitment Consulting Company

### Puspa Dutta
**Degree:** Bachelor of Science Mathematics  
**Institution:** Institute of Mathematics and Applications  
**Work Experience:** 18 months  
**Internships:**  
- Summers Intern.: Fujitsu  
  Streamlining the processes and reporting

### Pratibha Dutta
**Degree:** Bachelor of Technology Computer Science  
**Institution:** International Institute of Information Technology  
**Work Experience:** 29 months  
**Internships:**  
- Summers Intern.: Intelsys Limited, Senior Systems Engineer  
  Streamlining the processes and reporting

### Sakti Mohanty
**Degree:** Bachelor of Technology Electrical  
**Institution:** Kalinga Institute of Industrial Technology  
**Work Experience:** 29 months  
**Internships:**  
- Summers Intern.: Infosys Limited, Systems Engineer  
  Streamlining the processes and reporting

### Swikruti Das
**Degree:** Bachelor of Technology  
**Institution:** Veer Surendra Sai University of Technology  
**Work Experience:** 30 months  
**Internships:**  
- Summers Intern.: Infosys Limited, Senior Systems Engineer  
  Streamlining the processes and reporting

### Trishna Satpathy
**Degree:** Bachelor of Technology Electrical and Electronics  
**Institution:** Veer Surendra Sai University of Technology  
**Work Experience:** 26 months  
**Internships:**  
- Summers Intern.: Capgemini  
  Process Automation for a top Oil, Gas and Energy Sector based client

### Vinay Nahta
**Degree:** Bachelor of Technology Mechanical  
**Institution:** Swami Ramanand Teerth Institute of Technology  
**Work Experience:** 26 months  
**Internships:**  
- Summers Intern.: Deloitte Consulting India Private Limited  
  Oracle Cloud ERP Implementation

### Rahul Chawla
**Degree:** Bachelor of Technology Information Technology  
**Institution:** Bhagwan Parshuram Institute of Technology  
**Work Experience:** 27 months  
**Internships:**  
- Summers Intern.: Capgemini, Senior Analyst

### Bibhutidas Siddharth Behera
**Degree:** Bachelor of Technology Electronics and Telecommunications  
**Institution:** Kalinga Institute of Industrial Technology  
**Work Experience:** 27 months  
**Internships:**  
- Summers Intern.: HSBC  
  Process Streamlining & Commercial Feasibility of Safe Deposit Box(Lockers)

### Neha Chauhan
**Degree:** Bachelor of Technology Computer Science  
**Institution:** National Institute of Information Technology Delhi  
**Work Experience:** 27 months  
**Internships:**  
- Summers Intern.: Tata Consultancy Services Ltd  
  Understanding of Agile Methodology and its implementation to ensure Enterprise Agility

### Neha Mohanty
**Degree:** Bachelor of Technology Electronics and Communication  
**Institution:** Supreme Knowledge Foundation Group  
**Work Experience:** 26 months  
**Internships:**  
- Summers Intern.: Capgemini, Senior Systems Engineer  
  Global outlook of Stainless Steel & Aluminium industry, & its future in the next 5 years

### Trishna Satapathy
**Degree:** Bachelor of Technology Electrical and Electronics  
**Institution:** Veer Surendra Sai University of Technology  
**Work Experience:** 26 months  
**Internships:**  
- Summers Intern.: Capgemini  
  Process Automation for a top Oil, Gas and Energy Sector based client

Retail Network Expansion - Conceptualisation to Establishment of a Retail Outlet
The one-year full-time Executive MBA Program is specifically designed for working executives and practicing managers, who aspire to become business leaders of tomorrow. The participants are from various parts of the country and they share a spectacular diversity in their respective academic and industry background, which provides an exciting prospect for learning from one another, and to assimilate the theoretical concepts taught in the light of their collective experience. The batch comprises of vibrant executives broadly categorised into the experience spanning from 3-11 Years.

Salient Features of The Program & Participants

- The one-year full-time Program curriculum is structured similar to, and is as rigorous as, the regular two-year fulltime MBA Program.
- Four Terms spread over 12 months. Candidates specialise with Majors in papers of Finance & Accounting, Marketing, Operations Management, OB & HRM or General Management and Business Analytics.

Class Size: 26
Average Age: 27 Years
Average Experience: 5.6 Years
Batch Size: 26
Batch Diversity: 9 Female, 17 Male

Executive MBA – Business Management

The Program is intended to develop among the participants a generalised perspective of integrated cross-functional responsibilities, and specialised technical and managerial skills. Such skills and expertise are necessary to assume middle and top management responsibilities. Academic inputs provided during the Program shall bring out the interrelationship among various functional areas as well as familiarise the participants in the techniques in functional areas including those in which the participant may have experience. The participants shall also get trained in technical and functional skills such as communication, accounting, finance, marketing, and operations and shall be helped to develop their analytical and integrative skills so that they can define complex problems with clarity and adopt a methodology best suited to deal with them.

EXECUTIVE MBA – BUSINESS ANALYTICS:

In the modern era of exorbitantly soaring quantity of raw data as well as processed information, challenges faced by decision makers including management professionals primarily consist of visualizing, analysing and opting for the best or nearly best decisions. The proposed One Year Full Time Executive MBA Program in Business Analytics is affectionate in dedicating its spectrum of work profiles in mainly pertaining training the managerial professionals to cope with the myriad of decision-making jobs involving chunks of data as well as dedicated to the evolving research avenues in data driven analytics. This program is spanned over 1 year in 4 terms. In First two terms students will be provided mostly the building blocks of Business Analytics viz. Statistics, Mathematics and Optimization. In next two terms, they will be equipped with the advanced concepts as well as the latest tools and techniques of Machine Learning, AI and IoT with a blend of Big Data Technologies.

Program Objectives

- Preparing Leaders who can Create value from actionable insights mined from data
- This curriculum aims at imparting the young leaders a structured and analytical approach to problem-solving in management situations

Popularly known as the "Temple City of India", Bhubaneswar is considered the centre for Hindu Pilgrimage. The capital of Odisha is a well planned city famous for the unique shiva temple called Lingaraj. It is the house to one of the largest Buddha temple and makes an ideal tourist destination that’s well connected by air, rail and road to the rest of India. The literal meaning of the word Bhubaneswar is ‘God’s World’ that witnessed the evolution of temple architecture. The new Bhubaneswar with its modern buildings and extensive infrastructure perfectly complements its historic surroundings. With facilities to cater to every type of visitor, Bhubaneswar makes an ideal tourist destination. The city is one of the fastest developing cities in India and also has played its part in the development of Odisha, which is realizing the potential of its abundant natural resources and skilled labour. It is one of the major education hubs of eastern India, the fine blend of ‘the old school’ and the ‘contemporary’ with its vibrant economy provides the perfect setting for Xavier University.

Biju Patnaik International Airport (Bhubaneswar Airport) has direct flight for all the major cities in India. It is 10.2 Km away from the XIMB campus and 15.1 Km away from the Univ Campus.

Bhubaneswar Railway Station is 8.6 Km away from XIMB campus and 17.0 Km from University campus. It has train for all the major destinations in India.

We would be glad to make arrangements for your stay at several three to five star hotels in Bhubaneswar.
